#### Exams and credentialing

- The NAC Skills Exam is embedded within the course. **A passing NAC Skills Exam score is required to pass the class.** The NAC Skills Exam is the last scheduled class day.
- The first NAC Skills Exam attempt is included in the cost of the class. Attempts 2-4, if needed, are \$100 each and scheduled separately.
- The class fee does not include the written exam administered by Credentia. The fee is \$55 per attempt (up to 4), paid directly to Credentia after successful completion of the course.

#### Refund policy

A full refund will be issued with at least 48 hours notice before class begins.

If a student does not fulfill mandatory attendance requirements or does not pass the theory/lab portion of the class, they will not advance to clinicals, will not complete the class, and no refund will be issued.

If a student has an **excusable** absence (illness, emergency), we will work with them to transfer to a future session or complete with another course. A doctor's note or other documentation may be required. Please note that an extended completion timeline may require a student to order a new background check, reorder a TB test, or update a vaccination. A renewed notice of intent to pay may be required.
